| November 16th, 2023 by 3pm PST | Community Partnership Outreach Grants Program | LADWP | Local | October 13th, 2023 | LADWP's Community Partnership Outreach Grants Program provides grants to non-profit organizations who play a vital role to help further the goal of sustainability efforts for the City of Los Angeles. By leveraging non-profit organization's roots in the community with their experience, programs, networks, and commitment to maximize public engagement and participation in energy efficiency, water conservation and sustainability programs. LADWP programs assist non-profits to encourage behavior change within populations that may not be reached through more traditional communication strategies. Grant applications are open for submission every 12-18 months. The competitive grants are awarded to one 501(c)3 non-profit organization in each of Los Angeles' 15 Council Districts in Phase 1 and one in the Owens Valley. For Phase 2 grants, the grants focus on the special categories of Water Conservation, Water Quality, Community Solar, and Under-represented Program Areas. | Community Outreach; Water Conservation; Public Engagement; Energy Efficiency; Community Partnerships; Community Engagement; Behavioral Change; Environmental Stewardship | LADWP Service Area | Non-profit organizations that have maintained 501(c)3 status continuously for past three years AND currently located in Los Angeles | \$1,705,000 | \$30,000 - \$150,000 | No | Undisclosed | https://www.ladwp.com/ladwp/faces/ladwp/commecg/c-savermonyc/s-m-rp-rebatesandprograms/c-sm-rp-non-Profileopportunities?_afrcLoge=151135521971911&afrcWindowMode=0&afrcWindowId%3Dnull%26afrcOop%3D151135521971911%26afrcWindowMode%3D0%26afrcCtrlState%3Daxmfp7zg_4 |
| November 17th, 2023 by 8:59pm EST | Innovative Water Infrastructure Workforce Development Program | US EPA | Federal | September 26th, 2023 | The US EPA's Innovative Water Infrastructure Workforce Development Program will further the goal of ensuring a strong pipeline of skilled and diverse workers in the water utilities sector. EPA's current priorities include the following: provide infrastructure investments and technical assistance in disadvantaged or historically underserved communities; advance environmental justice and equity; address climate change, responsibly support and implement the Infrastructure Investment and Jobs Act, commonly referred to as the Bipartisan Infrastructure Law and Inflation Reduction Act. | Workforce Development; Water Infrastructure; Water Utilities Sector; Technical Assistance; Infrastructure Investments; | United States | For Project Areas 1-5: Non-profit professional or service organizations; Nonprofit Labor Organizations; Nonprofit Community Colleges; Institutions of higher education; Other nonprofit training; and Educational institutions; or Public works departments and agencies Project Area 6: Community-Based Organizations, or a Partnership between two or more CBOs or between a CBO and a Federally recognized Tribe, a local government, or an institution of higher education. | \$20.8 million | Project Area 1: \$1.5M-\$6.8M Project Area 2: \$250k-\$1M Project Area 3: \$250k-\$1M Project Area 4: \$250k-\$1M Project Area 5: \$250k-\$1M Project Area 6: \$5M-\$10M | None | Undisclosed | https://www.epa.gov/sustainable-water-infrastructure/innovative-water-infrastructure-workforce-development-program |
| November 20th, 2023 by 5pm PST | Urban Greening Grant | CNRA | State | October 1st, 2023 | Urban Greening Program will fund projects that reduce greenhouse gases while also transforming the built environment into places that are more sustainable, enjoyable, and effective in creating healthy and vibrant communities. These projects will establish and enhance parks and open space, using natural solutions to improve air and water quality and reducing energy consumption, and creating more walkable and bikeable trails. Eligible urban greening projects will reduce GHG emissions, mitigate the effects of extreme heat, and provide multiple additional benefits, including, but not limited to, a decrease in air and water pollution or a reduction in the consumption of natural resources and energy. All projects must do at least one of the following: Acquire, create, enhance, or expand community parks and green spaces; And/or use natural systems or systems that mimic natural systems to achieve multiple benefits | Urban Greening; GHG Reduction; Park Space; Open Space Water Quality; Community Benefits; Nature-Based Solutions; Recreational Benefits; Disadvantaged Communities; | California | Non-Profits; Public Agencies | \$23.7 M | No maximum or minimum grant amounts | No | Fall 2024 | https://resources.ca.gov/grants/urban-greening |
| November 24th, 2023 by 8:59 pm PST | Community Facilities Technical Assistance and Training Grant | USDA | Federal | September 27th, 2023 | The Community Facilities Technical Assistance and Training Grant Program provides technical assistance and training to public bodies and private non-profit corporations with respect to essential community facilities programs. The Technical Assistance and/or training will assist communities, Indian Tribes, and Nonprofit Corporations to identify and plan for community facility needs that exist in their area. Once those needs have been identified, the Grantee can assist in identifying public and private resources to finance those identified community facility needs. Grant funds can be used to assist communities in identifying and planning for community facility needs; identify funding resources to finance community facility needs; prepare reports and surveys necessary to request financial assistance to develop community facilities; or improve operations and management of community facilities. | Technical Assistance; Technical Training; Community Facilities; Community Infrastructure; Community Development; | United States; Rural areas including cities, villages, townships, towns and Federally-recognized Tribal Lands outside the boundaries of a city of 20,000 or more. | City or township governments; Independent school districts; State governments; County governments; Public housing authorities/Indian housing authorities; Nonprofits that do not have a 501(c)3 status with the IRS, other than institutions of higher education; Native American tribal governments (Federally recognized); Native American tribal organizations (other than Federally recognized tribal governments); Special district governments; Public and State controlled institutions of higher education; Nonprofits having a 501(c)3 status with the IRS, other than institutions of higher education; Private institutions of higher education | \$2,500,000 | \$250,000 | No | Spring 2024 | https://www.rd.usda.gov/programs-services/community-facilities/community-facilities-technical-assistance-and-training-grant |
| November 27th, 2023 | Research Partnership on Climate Change and Transportation | USDOT | Federal | September 27th, 2023 | U.S. DOT seeks to fund a climate and transportation research center that advances research to support Administration efforts to reduce greenhouse gas emissions in the transportation sector, incorporate evidence-based climate resilience and adaptation measures and features, reduce the lifecycle greenhouse gas emissions from the project materials, avoid adverse environmental impacts to air or water quality, wetlands, and endangered species, and address the disproportionate negative environmental impacts of transportation on disadvantaged communities. U.S. DOT seeks to fund a climate and transportation research center that will advance research to support Administration efforts to create proportional impacts to all populations in a project area, remove transportation related disparities to all populations in a project area, and increase equitable access to project benefits. | Transportation; Research; Climate Change; Evidence-Based; Climate Resilience; Equitable Access; GHG Reduction | United States | Public and State Controlled Institutions of Higher Education; Private Institutions of Higher Education (e.g., University Affiliated Research Initiatives (UARCS), Federally Funded Research and Development Initiatives (FFRDCs), National Laboratories, and Similar Entities); Private and 501(c)3 Nonprofit Research Entities | \$2,500,000 | \$2,500,000 | Yes; 50% Cost-Share | December 2023 | https://www.grants.gov/search-results-detail/350340 |

|-------------------------------------|--|---|----------------------|----------------------|--|--------------------|--|---------------|---|----------------------------|---------------|---|
| November 30th, 8:59pm PST | Promoting Readiness and Enhancing Proficiency to Advance Reporting and Data (PREPARED) | US EPA | Federal | September 21st, 2023 | EPA has launched PREPARED to provide technical assistance to EPA grant recipients representing small, underserved, and/or tribal communities to enhance their capacity to meet data and reporting requirements and improve their ability to generate the information necessary to evaluate and improve grant outcomes. Data, reporting, and evidence-building are vitally important responsibilities for EPA grant programs. However, many EPA grant recipients face capacity challenges in engaging in these activities. Many small, underserved, and/or tribal communities that are eligible for EPA grants sometimes choose to pass on funding opportunities as a result. With this Cooperative Agreement, EPA seeks to fund technical assistance providers with program evaluation expertise to equip communities with strategies, tools, and training that enhance their capacity for data, reporting, and evidence-building. | United States | Public and Private Non-Profit Institutions/Organizations (includes hospitals and institutions of higher education) | \$4M | \$500K | No | Spring 2024 | https://www.epa.gov/evaluate/prepared |
| December 1st, 2023 by 3pm PST | Green Schoolyards Grant- Nonprofit Child Care Facilities | Cal Fire | State | September 14th, 2023 | The Urban and Community Forestry Grant Program's Green Schoolyards Nonprofit Child Care Facilities Grant Opportunity targets nonprofit child care facilities receiving government funding to support planning and implementation of Green Schoolyards Project. The Urban Community Forestry Grant Program strives to increase the long-term benefits trees provide, improve the public's understanding and appreciation of urban trees, and advance urban forest management and tree care. Special consideration is given to projects serving disadvantaged and/or low-income communities. Funds are paid on reimbursement basis. Advance payment options are available to nonprofit organizations serving disadvantaged communities. | California | School greening; public child care facilities; nonprofit child care facilities; | \$30M | \$200,000-\$6M No more than \$1M per child care facility | 25% Cost Share recommended | Undisclosed | https://www.fire.ca.gov/what-we-do/grants/urban-and-community-forestry-grants |
| December 6th, 2023 by 5pm PST | Regional Climate Collaboratives Program | Strategic Growth Council | State | March 15th, 2023 | SGC's Regional Climate Collaborative (RCC) Grant Program is a capacity-building grant program that seeks to fund cross-sectoral partners to deepen relationships and strengthen local coordination, leadership, knowledge, skills, and access to critical resources to drive and sustain climate actions. The program aims to support both emerging and established collaboratives. SGC is committed to funding at least two Collaboratives from each funding track. RCC invests in projects that advance the following key program objectives: Develop Actionable Plans and Projects; Build Social Infrastructure; Center Community Engagement & Decision Making; and Develop Equity-centered Processes. | California | Capacity Building; Environmental Justice; | \$8.5 million | | None | February 2024 | https://sgc.ca.gov/programs/cace/docs/20230315-R2_RCC_Program_Guidelines.pdf |
| December 8th, 2023 by 12pm PST | California Arbor Week Grant | California ReLeaf | Private Philanthropy | October 31st, 2023 | California ReLeaf's California Arbor Week Grant Program is designed to fund urban forest projects to celebrate California Arbor Week and to engage new community-based organizations in tree-planting activities within Southern California Edison's Service Area. This grant program encourages community-based organizations to plant trees to grow greener, stronger, and healthier neighborhoods, bringing many benefits, including cleaner air, cooler temperatures, and stronger social bonding. Priority will be given to underserved or low-income communities, neighborhoods with fewer existing trees, as well as communities that have not had recent access to urban forestry funding. | California | Urban Greening; Community-Based Organizations; Urban Forestry; Tree-Planting | \$50,000 | \$3,000-\$5,000 | None | January 2024 | https://californiareleaf.org/updates/2024-california-arbor-week-grant-program-sponsored-by-edison-international/?mc_cid=522e91e49a&mc_eid=d5a6fb942 |
| December 14th, 2023 by 5pm PST | Outdoor Equity Grants Program | California Department of Parks and Recreation | State | August 3rd, 2023 | California Department of Parks and Recreation's the Outdoor Equity Grants Program (OEP) improves the health and wellness of Californians through new educational and recreational activities, service learning, career pathways, and leadership opportunities that strengthen a connection to the natural world. OEP's intent is to increase the ability of residents in underserved communities to participate in outdoor experiences within their community, at state parks, and other public lands. | California | Parks and Recreation; Outdoor Equity; Recreational Activities; | \$50M | \$700k | None | | https://www.parks.ca.gov/?page_id=30443&mc_cid=aa5bcf9c973&mc_eid=4662f63fca |
| December 15th, 2023 by 11:59 PM PST | Climate Fund-LA County | CIV.LAB | Private Philanthropy | Undisclosed | CIV.LAB aims to expand the clean energy workforce, educate future climate leaders, accelerate industrial decarbonization, and provide aid to the organizations that are taking action against the threats of climate change in their own communities. CIV.LAB engages in place-based grantmaking through the use of a local climate advisory committee. CIV.LAB's Climate Fund supports organizations and initiatives prioritizing equity, environmental justice, and economic development in the climate space through unrestricted, one-time grants. The three priority funding areas include climate education, climate technology, and climate workforce development. | Los Angeles County | Climate Education; Climate Technology; Climate Workforce Development; Environmental Justice; Community Climate Initiatives; Participatory Decision-Making; | Undisclosed | \$10k-\$100k | None | Spring 2024 | https://civ-lab.org/apply/?utm_source=LARC+Announcements&utm_campaign=22a102d73e_EMAIL_CAMPAIGN_2023_11&utm_medium=email&utm_term=0_2cf5362fad-22a102d73e_561225810&mc_cid=22a102d73e&mc_eid=eb1abc630c |
| December 15th, 2023 | Shade Structure Grant Program | American Academy of Dermatology Association | Private Philanthropy | October 16th, 2023 | The purpose of this program is to provide funding to nonprofit organizations, including day cares and city parks, and public schools for installing permanent shade structures where children and teenagers who are ages 18 and younger learn and play. Examples of eligible outdoor locations that are eligible for installation of shade structures include playgrounds, pool decks, ball field dugouts, and eating areas. | United States | Shade Coverage; Parks; Permanent Shade Structures; Schools; Day-Cares; Recreational Opportunities; | undisclosed | Maximum of \$8,000 | None | March 2024 | https://www.aad.org/public-public-health/shade-structure-grants/shade-structure-grant-application |

| December 14th, 2023 by 2pm PST | Communities LEAP | Department of Energy | Federal | September 27th, 2023 | The DOE Communities LEAP (Local Energy Action Program) aims to facilitate sustained community-wide economic and environmental benefits primarily through DOE's clean energy deployment work. This opportunity is specifically open to low-income, energy-burdened communities that are also experiencing either direct environmental justice impacts, or direct economic impacts from a shift away from historical reliance on fossil fuels. Under Communities LEAP, DOE matches selected communities with technical assistance providers who assist them with bringing their clean energy planning and economic development vision to life. Through Communities LEAP, DOE aims to: recognize each community's specific energy-related challenges and opportunities; support community member and stakeholder leadership in designing and implementing actions to address those challenges and opportunities; and, build toward long-term community economic and environmental change and a more sustainable, resilient, and equitable future. | Clean Energy; Environmental Justice; Economic Resiliency; Energy Justice; Technical Assistance; Climate Resilience; | United States | Non-profit organizations; Community-based organizations; Grassroots organizations and environmental justice networks; Faith-based organizations and those affiliated with religious institutions.; Private organizations; Academic institutions; Minority-owned businesses and small- to mid-size businesses from the community; Organizations critical to success such as manufacturing firms under the New or Enhanced Manufacturing approach or utilities (investor-owned or public power) | | | | | | | | | | https://www.energy.gov/communities-leap/communities-leap | |
| December 29, 2023 by 11:59pm PST | Small Community Drought Relief Program | CA Department of Water Resources | State | August 11, 2021 | The Program aims to implement needed resiliency measures and infrastructure improvements for small water suppliers and rural communities. The Program will support projects and programs that provide immediate and near-term water supply reliability benefits and improve small communities' drought and water shortage resiliency and preparedness. The specific objectives are to implement projects that provide reliable water supply sources, improve water system storage, replace aging and leaking pipelines, and provide alternative power sources for operation (emergency generators). Projects must benefit communities not supplied by an urban water supplier (UWS). An UWS provides drinking water with 3,000 connections or more, or more than 3,000 acre-feet per year. | drought relief | California | Public agencies, public utilities, special districts, colleges and universities, mutual water companies, 501(c)(3) non-profit organizations, regional water management groups, as defined in Water Code section 11539; federally recognized California Native American Tribes, non-federally recognized Native American Tribes on the contact list maintained by the Native American Heritage Commission for the purposes of Chapter 905 of the Statutes of 2004 | | | | | | | | | | https://water.ca.gov/Water-Basics/Drought/Drought-Funding/Small-Community-Drought-Relief | |
| December 31, 2023 by 8:59pm PST | National Fish Passage Program | US Fish and Wildlife Service | Federal | November 17, 2022 | This program provides direct technical and financial assistance to partners to remove instream barriers and restore aquatic organism passage and aquatic connectivity for the benefit of Federal trust resources. In doing so, NFFP aims to maintain or increase fish populations to improve ecosystem resiliency and provide quality fishing experiences for the American people. | fish passage | United States | Open | | | | | | | | | | https://www.grants.gov/web/grants/view-opportunity.html?oppId=344533 | |
| January 1, 2024 by 11:59pm PST | Community Composting for Green Spaces, Cycle 3 | California Department of Resources Recycling and Recovery | State | October 26th, 2023 | The purpose of this program is to provide opportunities to increase the number of small-scale composting programs supporting green spaces and expand community knowledge about the benefits of compost use and proper composting techniques. This cycle of the program is focused on assisting Qualifying Tribal Entities to create or expand existing community composting sites on lands owned, managed, or stewarded by tribal community members. All project sites must be located in California and on lands owned, managed, or stewarded by members of a tribal community. All project sites must result in the creation of new, improved, or expanded community composting sites. Eligible grant projects include the creation, improvement, or expansion of community composting sites to increase composting of organics and reduce generation of methane from organic waste decomposing in landfills. | Community-Based; Composting; Green Space; Tribal Community; | California | Tribal Government; Tribal Entities; | | \$510,000 | \$25,000-\$100,000 | | | No | | | | | https://www.grants.ca.gov/grants/community-composting-for-green-spaces-cycle-3-fy-2021-22/ |
| January 10th, 2024 by 3pm PST | Wildfire Prevention Grant | Cal Fire | State | November 2nd, 2023 | CAL FIRE's Wildfire Prevention Grants Program provides funding for fire prevention projects and activities in and near fire threatened communities. Funded activities include hazardous fuels reduction, wildfire prevention planning, and wildfire prevention education with an emphasis on improving public health and safety while reducing greenhouse gas emissions. | Wildfire Prevention; Community Wildfire Protection Plans; Evacuation Plans; Wildfire Risk; Hazardous Fuels Reduction; | California | Nonprofits, Public Agencies, Tribal Governments | | \$117M | Dependent | | | No | | | | | https://www.grants.ca.gov/grants/cal-fire-wildfire-prevention-grants-program-fy-2023-2024/ |
| January 18th, 2024 by 5pm PST | Climate Adaptation Planning Grant Program | CalTrans | State | October 5th, 2023 | CalTrans' Climate Adaptation Planning Grants will support local and regional identification of transportation-related climate vulnerabilities through the development of climate adaptation plans, as well as project-level adaptation planning to identify adaptation projects and strategies for transportation infrastructure. Grants will fund projects that advance adaptation planning on California's transportation infrastructure, including but not limited to roads, railways, bikeways, trails, bridges, ports, and airports. Applicants who have adaptation planning efforts underway as well as those who have not yet started adaptation work are encouraged to apply. | Climate Adaptation Planning; Transportation Infrastructure; Transportation-Related Climate Vulnerabilities; | California | Nonprofits, Public Agencies, Tribal Governments | | \$31.8M | Dependent | | | Yes; 11% | | | | | https://dot.ca.gov/programs/transportation-planning/division-of-transportation-planning/regional-and-community-planning/sustainable-transportation-planning-grants?utm_source=LARC+Announcement&utm_campaign=22a102d73e_EMAIL_CAMPAIGN_2023_11&utm_medium=email&utm_term=0_2c5362ad-22a102d73e-5512258103&_rct=22a102d73e&mc_eid=bb1abc630e |
| January 18th, 2024 by 5pm PST | Sustainable Communities Competitive | CalTrans | State | October 5th, 2025 | CalTrans' Sustainable Communities Competitive will fund local and regional multimodal transportation and land use planning projects that supports state goals, implements Regional Transportation Plan (RTP) Sustainable Communities Strategies (SCS) (where applicable) and contributes to the State's GHG reduction targets. A minimum threshold of 50 percent of awarded projects must benefit underserved communities. Grants are for transportation planning activities such as planning for active transportation, safe routes to schools, transit services, vision zero, complete streets, freight corridors, social equity, integrated land use and transportation planning. | Transportation Planning; Transportation Infrastructure; Transportation-Related Climate Vulnerabilities; GHG Reduction; Active Transportation; Multimodal Transportation Projects; Land-Use Planning; Safe Routes to Schools; | | Primary Applicant: Metropolitan Planning Organizations (MPOs) with sub-applicants; RTPAs; Transit Agencies; Cities and Counties; Native American Tribal Governments; and, Other Public Transportation Planning Entities. Sub-Applicant(s): RTPAs), cities and counties, transit agencies, and Native American Tribal Governments; Community-Based Organizations; Non-Profit Organizations (501.C.3); | | \$17 million | \$50,000-\$700,000 | | | Yes; 12% | | | | | https://www.grants.ca.gov/grants/sustainable-communities-competitive-3/ |

|-------------------------------|--|---|----------------------|--------------------|---|---|--|--|---|--|--|---------------------------|---|
| January 30th, 2024 by 5pm PST | Environmental Justice Community Innovator Challenge | Department of Health and Human Services | Federal | Undisclosed | HHS' Environmental Justice Community Innovator Challenge aims to fund projects/programs that develop innovative and effective community strategies to address health disparities in communities and Tribes disproportionately burdened by environmental and climate change-related hazards. Desired outcomes include the development of community-driven strategies and application of data-driven tools to advance health equity and address environmental hazards including those related to climate change, and the cumulative impacts of environmental and other stressors. Participants will have access to a technical assistance opportunity in each phase of the Challenge. The Tribal Capacity Building Pilot Program is a new grant program that provides funding and technical assistance to California Native American tribes to build staff capacity to advance tribes' climate-related work. Administered by SGC, the goal of the pilot program is to assist tribes in developing long-term capacity to secure funding and implement tribal-led climate solutions. The pilot program will fund staff salaries and activities that advance the tribe's climate-related work. Activities may include planning, securing funding for, and implementing projects related to climate mitigation, adaptation, and resilience. Tribes will work with a technical assistance provider (TA Provider) and receive no-cost, flexible support that will respond to each tribe's needs. The capacity building and technical assistance services offered include, but are not limited to: trainings and workshops; grant application and management support; planning support; implementation assistance; partnership building; peer learning; staff and economic development. | Environmental Justice; Community-Based Organizations; Tribal Organizations; Community Resilience; Health Disparities; Health Equity; Environmental Hazards; Community Health; Innovation; | United States | Community-Based Organizations; Tribal Organizations | \$1M | Phase 1: Up to \$25,000 Phase 2: Up to \$70,000 | No | Spring 2024 | https://www.challenge.gov/?challenge=hhs-environmental-justice-community-innovator-challenge&mc_cid=22a102d73e&mc_eid=bb1abc630c&tab=prize&utm_campaign=22a102d73e-EMAIL_CAMPAIGN_2023_11&utm_medium=email&utm_source=LARC%20Announcements&utm_term=0-4c53626d-22a102d73e-561225810 |
| February 5th, 2024 by 5pm PST | Tribal Capacity Building Pilot Program | Strategic Growth Council | State | November 7th, 2023 | The Tribal Capacity Building Pilot Program is a new grant program that provides funding and technical assistance to California Native American tribes to build staff capacity to advance tribes' climate-related work. Administered by SGC, the goal of the pilot program is to assist tribes in developing long-term capacity to secure funding and implement tribal-led climate solutions. The pilot program will fund staff salaries and activities that advance the tribe's climate-related work. Activities may include planning, securing funding for, and implementing projects related to climate mitigation, adaptation, and resilience. Tribes will work with a technical assistance provider (TA Provider) and receive no-cost, flexible support that will respond to each tribe's needs. The capacity building and technical assistance services offered include, but are not limited to: trainings and workshops; grant application and management support; planning support; implementation assistance; partnership building; peer learning; staff and economic development. | Tribes; Capacity Building; Tribal-led Climate Solutions; Technical Assistance; Planning; Implementation Assistance; Peer Learning | California | California Native American Tribes listed on the Native American Heritage Commission (NAHC) Contact List per Chapter 905 of the Statutes of 2004 (Pub. Resources Code, § 21073). A non-federally recognized tribe is eligible to apply if they are registered with the California Secretary of State as a nonprofit, a for-profit corporation, or a limited liability company | \$1M | \$150k-\$250k | No | April 2024 | https://www.sgc.ca.gov/programs/tribal/docs/20231107-TCBP_NOFA.pdf |
| Ongoing | Rapid Response Fund | Community First Fund | Private Philanthropy | Rolling | CFF's Rapid Response Fund was created to shift philanthropic practices by distributing responsive resources in a timely way that prioritizes the humanity of black and brown people, the frontline organizations they may lead, and the grassroots organizations that may be accountable to them. To realize this vision, the CFF Rapid Response Fund will provide rapid response funding to support organizations' or coalitions' needs to position themselves or others to respond to infrastructure crises, movement moments, and time sensitive federal funding notices or rulemaking that require rapid mobilization. The Rapid Response Fund has a national scope with specific priority given to geographies that have historically received disproportionate public investment, including the Midwest and the South. Applications will be reviewed bi-monthly (1st Friday and 3rd Friday of each month) and awards will be determined by the CFF team. | Public Infrastructure Crises; Historically Underinvested Communities; Grassroot Organizations; Frontline Organizations; Rapid Mobilization; Community Priorities | United States | Frontline and grassroots 501(c)3 organizations and fiscally sponsored projects. | \$1,000,000 | \$10k-100k | No | undisclosed | https://portal.justfund.us/p/tribes/ff2a2a37-abce-4814-9d44-44e76169d0db |
| Ongoing | Costco Wholesale Charitable Contribution Grant Applications | Costco Wholesale | Private Philanthropy | Ongoing | Costco Wholesale's Charitable Contribution Grant Program funds awardees that focus on supporting children, education, and/or health and human services. Costco accepts and reviews funding requests throughout the year on a rolling basis, and organizations are eligible to submit one application per fiscal year (Sept-August). | Education; Health Services; Human Services; Children | United States | Non-Profit 501(c)3 Organizations | Undisclosed | No more than 10% of program budget | No | 4-6 weeks after submitted | https://www.costco.com/charitable-giving-faq.html |
| Ongoing | Advancing Wellness Grants Program | The California Wellness Foundation | Private Philanthropy | June 20, 2023 | The purpose of this program is to protect and improve the health and wellness of the people of California by increasing access to health care, quality education, good jobs, healthy environments, and safe neighborhoods. Funding will help nonprofit public agencies, religious organizations, and tribal governments to implement activities related to direct services, public policy, leadership, and capacity building. Projects must address one or more of the following priority areas: Community well-being; Equity in access; Economic security and dignity; and Leading for power and change. Projects must address urgent needs people are facing in their communities, with a specific focus on low-income communities, people of color, youth, immigrants, and residents of rural areas. | Health Equity; Community Well-Being; Economic Development; Healthy Environments; Healthcare Access | California | Non-profit, Public Agency; Religious Organization; Tribal Government | \$50.54 million | Undisclosed | No | Ongoing | https://www.calwellness.org/money/apply-grant/ |
| Ongoing | Watershed Restoration Grants | California Department of Fish and Wildlife | State | November 2022 | This program will fund multi-benefit ecosystem restoration and protection projects under Drought, Climate and Nature-Based Solutions Initiatives. This new funding for restoration and protection of critical habitat and watersheds statewide also supports key initiatives including conserving 30 percent of California's lands and coastal waters by 2030 under California's 30x30 initiative, Nature-Based Solutions, and increasing the pace and scale of restoration through Cutting the Green Tape. | Drought resiliency, salmon protection, nature-based solutions, | State | tribes, nonprofit organizations, and public agencies | \$200 million Drought Emergency: Protecting Salmon \$100 million Nature-based Solutions Initiative \$54 million - Wetlands and Mountains Meadows Restoration \$42 million - Wildlife Corridors Addressing Climate Impacts \$35 million | See grant guidelines | None (additional points will be awarded in scoring with significant match) | TBA (rolling awards) | https://wildlife.ca.gov/Conservation/Watersheds/Restoration-Grants/Concept-Application |
| Ongoing | Opportunities for Water Leadership (OWL) Community Grant Program | San Gabriel Valley Municipal Water District | Regional | April 2022 | This program funds and spurs creation of local, grassroots-oriented water conservation projects by providing "seed money" to help schools and non-profit groups possessing plans, inspiration and volunteers. | water conservation; community-led design; water quality; stormwater capture; waterwise landscaping and irrigation; erosion control, waterway cleanups; forest restoration | Alhambra, Azusa, Monterey Park, and Sierra Madre | Schools – teachers, departments, student clubs, student groups, athletic teams, PTAs Non-Profit Community Organizations – environmental, churches, scouting, service organizations, youth | Undisclosed | No limits (past allocations were \$200 - \$2,000) | None | Ongoing | https://sgv.mwd.com/water-conservation/#owl-grants |

| | | | | | | | | | | | | | |
|----------------------|--|--|----------------------|----------------------|--|---|---|--|--|---|--|---------------------|---|
| Ongoing | Stormwater Pilot Programs | Metropolitan Water District of Southern California | Regional | 2021 | This pilot program funds construction of new direct-use stormwater capture projects and stormwater recharge projects as well as the installation of monitoring equipment on existing projects. | fish passage, fuel modification and vegetation management; ecosystem protection and restoration; climate change; river restoration | MWD Service Area | Direct Use Program: commercial, institutional and industrial sites within MWD's service area. Recharge Program: public and private (non-residential) locations within MWD service area. | Undisclosed | Direct Use Program: (Retrofits \$100k + \$20k for reporting; New Construction \$440k + \$20k for reporting) Recharge Program: (Monitoring Install \$350k + \$50k for reporting; New Construction \$850k + \$50k for reporting) | New construction on both programs requires 1:1. | Ongoing | https://www.mwdh2o.com/planning-for-tomorrow/funding-opportunities/ |

| Ongoing (until 2025) | Equity and Access Public Participation Grant | Public Utilities Commission | State | September 14th, 2023 | The Public Participation (PP) Grant Account is intended to remove financial and capacity-based barriers to participation while creating a flexible and accessible process to apply for and receive compensation. Organizations are compensated for their time for participating in day-to-day CPUC activities that drive and influence policy decisions. Grants will be awarded for specific eligible activities, such as speaking on a panel, participating in a working group, or participation in other decision-making processes. The PP Grant Account cap per organization is \$15,000 and will ensure a proportional distribution of funds over time and across various organizations. Submissions for grant awards will be accepted on a rolling basis throughout the grant period and payment for these discrete engagements will be prompt. | Public Utilities; Public Participation; Decision-Making Processes; Clean Energy Programs; Community Capacity; | California | Non-profit 501(c)(3) organizations; Federally or non federally recognized California Native American Tribes; Tribal entities, including organizations incorporated under Tribal law and wholly owned by the Tribe, Tribal Section 17 Corporations, and Tribal utilities and authorities operated under Tribal law. | \$3.1M | \$150-\$15,000 | None | Rolling Basis | https://www.cpuc.ca.gov/capacitygrants |
